# the beginning

It all began in third grade when Mika Hassler first taught me how to play the violin.

*In 6th grade, I switched to Beatrice Stanley  
as my new private lesson teacher.*

# Space Center Intermediate

I was concertmaster of my middle school orchestra in 8th grade.

I went to New York City and performed on Carnegie Hall during my senior year of high school.

*Here I am second from the right performing on the grandest stage of all - Carnegie Hall.*
